Landmark Ag
6225 Greenlee Street, Suite 101-#9
Arlington, TN 38002

BIO

Andrew Cohn joined Peoples Company and George Baird with Landmark Ag Capital LLC in early October 2021, where he is focusing on farm property management, development, and other related services throughout Tennessee, Arkansas, and Mississippi.

Andrew (Drew) was born and raised in the Memphis metropolitan area in a small town named Eads, Tennessee. Prior to his opportunity at Peoples Company as a Land Management Intern, he obtained an internship on a farm in Bono, Arkansas. They grew rice, corn, soybeans, and wheat on the farm. It was only then when Drew knew he had a passion and an obsession for farming. In addition to farming, Drew enjoys spending his free time in the gym, playing guitar, hunting, and fishing.

EDUCATION

Drew is enrolled at the University of Tennessee at Martin pursuing a degree in Agriculture Business with a concentration in Farm and Ranch Management and plans to graduate in May of 2022. Drew's passion for farming and row crop management brought him closer to Peoples Company and Landmark Ag Capital LLC.
