Cumming, IA 50061

BIO

Boston Reeves is an Associate Land Agent with Peoples Company, based in Cumming, Iowa, specializing in farmland sales, agricultural real estate, and rural properties throughout Eastern Nebraska. Raised on his family's farm in Battle Creek, Nebraska, Boston developed a strong appreciation for agriculture, land ownership, and the importance of making informed decisions when buying or selling farmland. His background in production agriculture and family business provides him with firsthand knowledge of the challenges and opportunities facing farmers, landowners, and agricultural investors.

Boston earned his Bachelor's degree in Agricultural Business with a minor in Agronomy from the University of Nebraska–Lincoln. Since joining Peoples Company, he has had the opportunity to work alongside and learn from experienced land brokers, gaining valuable insight into farmland values, real estate transactions, and the agricultural land market. Through this mentorship and his agricultural background, Boston continues to expand his market knowledge and strengthen his ability to serve landowners and investors throughout Eastern Nebraska.

As part of Peoples Company, Boston helps connect landowners and investors with a comprehensive range of land services beyond traditional farmland brokerage, including farm management, land appraisal, capital markets, and energy management. Whether clients are looking to sell farmland, purchase agricultural property, or explore opportunities to maximize the value of their land, Boston is committed to providing honest guidance, building lasting relationships, and helping clients make confident, informed decisions.
