Peoples Company - Cumming
1108 S. 44th Street, Suite 102
Cumming, IA 50061

Isaac joined Peoples Company in April of 2026. He grew up in North Dakota and attended school at California State University Northridge, where he received a Bachelor's Degree in Communication Studies. Prior to attending school in California, Isaac spent time working as a rural tax appraiser in North Dakota. During his time at Cal State, he served as Captain and President of the University's hockey team before heading overseas to Finland to play professionally.

Isaac spent a lot of time at his grandfather's farm outside of Mayville, ND, and has family that farm in the surrounding areas of Traill County. With North Dakota roots, Isaac understands the importance of critical decision-making when it comes to farmland.

In his free time, Isaac enjoys golfing and spending time at the hockey rink, coaching the next generation of players.
