JASON LESTINA, ALC, AFM

Land Manager

Jason J. Lestina is an Illinois Licensed Real Estate Managing Broker, an Indiana Licensed Real Estate Managing Broker, a Wisconsin Licensed Broker, an Accredited Land Consultant (ALC), and an Accredited Farm Manager (AFM). He provides professional land management services for Peoples Company.

Jason holds both the Accredited Land Consultant (ALC) designation—one of the most respected credentials offered by the REALTORS® Land Institute—and the Accredited Farm Manager (AFM) designation from the American Society of Farm Managers and Rural Appraisers (ASFMRA). Earning either designation requires extensive experience, education, testing, and strict adherence to professional standards, ethics, and continuing education. Holding both places Jason among an elite group of land professionals nationwide.

As an ALC and AFM, Jason leverages advanced education, marketing platforms, and industry networks to maximize the management and potential sale of agricultural land. He currently manages farmland in Illinois and Wisconsin for absentee landowners.

Before joining Peoples Company, Jason spent 8.5 years with Land Pro LLC, working closely with Ray Brownfield to manage farmland across Illinois and Indiana and assist with land brokerage in Illinois.

Jason also remains actively involved in his family's crop and cattle operations in Will County, Illinois. He and his wife, Kelly, live in Aurora, Illinois, with their son.

EDUCATION

Jason is a graduate of Northern Illinois University, where he earned a Bachelor of Science in Finance from the College of Business. His business education provides a strong foundation for budgeting, financial analysis, and enhancing the profitability of the farmland he manages.
