## BIO

As the Chief of Staff, Molli Hagge serves as a strategic partner to the President, driving the execution of company strategy and delivering on the organization's key objectives. Functioning as a critical resource and problem-solver, Molli plays a pivotal role within key meetings and managing complex, company-wide initiatives. Molli serves as a liaison between team members and the President, strategically managing information flow to optimize decision-making and ensure quality control of company deliverables as well as implement the President's initiatives.

Prior to becoming Chief of Staff, Molli served as Director of Operations for the Capital Markets division, supporting the execution of transactions, investment offerings, and asset management. She also coordinated the onboarding of investors and facilitated communication regarding asset management updates and decisions to investors on a regular basis.

Molli started her career at Peoples Company in 2019 as an Analyst, where she performed analysis on managed farm assets, organized investment processes for acquisitions, and built business plans to help drive successful investment outcomes. Before joining Peoples Company, Molli worked as a Financial Analyst Intern for Wells Fargo in its Commercial Food & Ag Lending department. At Wells Fargo, Molli analyzed companies' financial, operational, and management strengths and weaknesses to identify potential capital or balance sheet risks in order to prepare financial review documents, credit reports, and collateral assessments.

Molli received her bachelor's degree from the University of Nebraska, where she was a Chancellor's Scholar and graduated with honors and highest distinction in Agricultural Business (banking and finance) and a minor in Leadership and Communication.
